# DEPARTMENT OF TELEPHONES

HEAD OFFICE - REGINA, SASK.

HON. W. J. PATTERSON  
Minister

WALTER H. WARREN  
Deputy Minister

B. JONES  
Commercial Superintendent

## General Information

### CONDITIONS OF SERVICE

1. Service is furnished for the use of the subscriber, his agents and employees on his business. Its use must not be extended to other persons: Others desiring the use of a subscriber's telephone should be referred to the nearest public pay station.

2. If telephone service at the residence rate is given, and such service is used for the purpose of a business or profession, or other than for the usual requirements of a residence, the Department may charge the business rate for such service. The advertising of a residence telephone number for business purposes shall be considered as bringing a residence service under the business rate.

3. The telephone instrument is first located where the subscriber directs (except that a business telephone cannot be installed where it is accessible to the general public). If moved subsequently, it shall be done by the Department at the expense of the subscriber. Where a telephone is to be moved, at least 10 days notice is required and the subscriber must make out an application for such a move. The instruments and all accessories, together with telephone numbers remain at all time the property of the Department, and the subscriber shall not remove, alter, or make any attachments thereto, nor shall the subscriber upon giving up the telephone enter into any private arrangement with an incoming owner or tenant for the continued use of the telephone. Application should be made to Local Agent for service to be discontinued and the new occupant should make application for service and not "take over" a telephone from a retiring subscriber. The subscriber also agrees to compensate the Department on demand for any damage, loss or destruction of the Department's instruments and accessories, whilst such instruments and accessories are in or upon the premises of the subscriber.

4. Profane or improper language over the lines is forbidden. The service of any subscriber breaking this rule may be immediately discontinued.

5. In case of necessity the Department may without notice, change telephone numbers.

6. Complaints regarding inattention or discourtesy on the part of employees, or of interruption to service, should be made to the Local Agent. If the complaint is not adjusted satisfactorily, notice should be sent to the Department of Telephones, Regina.

7. The attachment or use of any electrical or mechanical connection or apparatus with the line of instruments installed by the Department is forbidden.

8. Uninterrupted service is not guaranteed, but all repairs will be made with reasonable despatch.

### DIRECTORY NOTICES

9. Subscribers are requested to destroy all previous issues of directories.

10. Each subscriber shall be allowed without charge a telephone directory for each initial and extension telephone. Such directories shall remain the property of the Department and shall not be defaced or enclosed in any unauthorized additional cover, either by the subscriber or other parties.

11. Every precaution is taken to prevent errors or omissions in the directory, but the Department assumes no liability whatever for damages caused to subscribers by errors or omissions in the compiling and printing of this directory. Local subscribers should report promptly in writing to the Local Agent errors which may appear in this Directory. Rural subscribers should notify the Secretary of their company of errors, the Secretary in turn notifying the Department.

12. To save time, and to avoid needless disturbance of subscribers, always look up telephone numbers in the directory before making a call.

13. The closing date for insertions, changes or corrections in the next issue of this directory will be March 1st. The Department reserves the right to change this closing date without notice.

14. Call Information for subscribers not listed in this directory.

### DIRECTIONS FOR USING THE TELEPHONE

#### GENERAL

15. To call the operator give a short turn of the crank with the receiver on the hook. After calling remove the receiver from the hook and when the operator answers give the

number of the subscriber's station required stating the numbers separately, as "four—two—nine," NOT "four hundred and twenty-nine". Do not hang up the receiver until notified by the operator that the line is busy, or until conversation is finished. If the called subscriber fails to answer within a reasonable time, call the operator again and inform her.

Face the transmitter with the mouth half an inch from the mouthpiece, and speak distinctly but not too rapidly.

**WHEN YOU HAVE FINISHED CONVERSATION HANG UP THE RECEIVER AND GIVE ONE SHORT RING. THIS SIGNALS THE OPERATOR THAT YOU HAVE FINISHED AND CLEARS THE LINE FOR ANOTHER CALL.**

Answer your telephone promptly, giving your name, your firm name or the number of the telephone from which you are speaking.

#### **RURAL**

16. REMOVE RECEIVER FROM THE HOOK AND LISTEN IN TO ASCERTAIN IF THE LINE IS DISENGAGED. IF disengaged replace receiver on the hook and if a subscriber on the same circuit is required ring the code number of that subscriber; 21 should be rung as two long rings and one short. To call the operator keep the receiver on the hook, press the button and give one short ring. If after connection is established with the central office, it becomes necessary to re-call the operator, hang receiver on the hook and give one short ring without pressing the push button.

**WHEN CONVERSATION IS FINISHED REPLACE RECEIVER ON HOOK AND GIVE ONE SHORT RING WITHOUT PRESSING THE PUSH BUTTON.**

#### **AUTOMATIC AND COMMON BATTERY MANUAL**

17. At those exchanges where the service is automatic or common battery manual—where the receiver is merely removed from the hook to signal central—subscribers should consult the instructions for using the telephone given in front of such exchange listings.

#### **LONG DISTANCE SERVICE**

18. To place a long distance call, first call "LONG Distance". When the operator answers give telephone number and name of person originating the call, followed by particulars:—

Example: Number 1234 T. Jones calling, get A. Smith at 4000 Regina, if he is not there I will speak to A. Grant.

19. Long distance rates are quoted for an initial period of two or three minutes, for overtime beyond the initial period the charge is made by the minute.

20. All long distance charges are made against the telephones from which the call originates, except in those cases where the originating party, before the conversation takes place, requests that the charges be made "Collect", and provided the party called agrees to accept the message "Collect".

21. Complaints regarding unsatisfactory long distance service should be made to the Chief Operator or Local Agent, and if not remedied should be taken up with the Head Office, Regina.

**REQUESTS FOR A REDUCTION IN TOLL CHARGES ON ACCOUNT OF UNSATISFACTORY CONNECTIONS WILL NOT BE ENTERTAINED UNLESS THE COMPLAINT IS LODGED WITH THE LOCAL AGENT OR CHIEF OPERATOR IMMEDIATELY AFTER THE COMPLETION OF SUCH UNSATISFACTORY MESSAGE.**

22. If requested, and upon payment of reasonable charges, a messenger will be sent when available to notify a non-subscriber to come to speak on long distance.

#### **ADVERTISING**

23. For advertising rates and space in this Directory apply to the Commercial Superintendent, Head Office, Regina.

#### **IDENTIFICATION OF EMPLOYEES**

24. Employees of the Department of Telephones whose duties require them to enter the premises of subscribers or others, are supplied with an identification card bearing the Saskatchewan Coat of Arms signed by the Deputy Minister. Subscribers and the public are notified to refuse admission to their premises of any person claiming to be a Telephone employee, who cannot produce a proper identification card, and to notify the Telephone Agent at once.

#### **RURAL COMPANIES**

Under its rules and regulations the Department deals with a Rural Telephone Company as a whole, and not with a Rural Telephone Company's individual subscribers. The subscribers of a Rural Company should take up matters affecting their service with the Secretary of their Company.

**Directory & Accounts:** Any changes in Rural listings and correspondence in reference to connecting fees and toll accounts should be addressed to Division Superintendent, Moose Jaw, Sask.

**Organization & Etc.:** Requests for information in respect to organization debentures, taxation, tax levies, construction and reorganization should be addressed to Deputy Minister of Telephones, 2350 Albert St., Regina, Sask., Attention Superintendent of Rurals.

**DO NOT USE THE TELEPHONE DURING A THUNDERSTORM**

# TABLE OF DAY AND NIGHT TOLL RATES WITHIN SASKATCHEWAN

The following rates are for billed subscribers and include Dominion Tax. For Pay Stations and Public Pay Telephones the rates vary slightly to simplify collection. There is no extra charge, day or night, for calling a specific person.

DAY RATE IS (4.30 a.m. to 7.00 p.m.)						NIGHT RATE IS (7.00 p.m. to 4.30 a.m.)					
WHERE INITIAL 2 MINUTE DAY RATE IS											
2 Min.	3 Min.	4 Min.	5 Min.	10 Min.	Each Min. Over 10 Min.	2 Min.	3 Min.	4 Min.	5 Min.	10 Min.	Each Min. Over 10 Min.
